

Alouise is a 48ft Cruiser Stern Narrowboat of the "Sandpiper" class, built by the New Boat Company in 2007. Alouise has a well deck with a wooden glazed deck board and vinyl cratch cover. The saloon is entered from the well deck and has L-shaped seating which converts to a double berth. An Arrow Becton Bunny multi fuel stove sits on a hearth with tiled surround. The galley is next to the saloon and is equipped with a 4-ring gas cooker with oven and separate grill, a microwave and a 12v fridge. The bathroom has a Thetford electric flush cassette wc, a moulded basin set into a vanity unit and a curved corner shower, with a tiled cubicle and clear sliding acrylic doors. The bedroom has a fixed double bed and a full height wardrobe, with steps that double up as storage and lead to the cruiser stern deck. Under the deck board of the cruiser stern is an Isuzu 35hp diesel with a PRM 120 gearbox. The cruiser stern is surrounded by taff rails and covered by a pram hood cover providing additional dry space.

Narrowboat ALOUISE

Narrowboat ALOUISE

MAIN DETAILS

Style: Cruiser • **Length:** 48ft • **Berths:** 2 + 2 • **Shell builder:** Liverpool Boat Company • **Fit Out:** Liverpool Boats for the New Boat Co
